1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-20 are rejected under 35 U.S.C. 102(b) as being anticipated by Berzin. Berzin shows a window cleaning assembly for a window having an interior surface and an exterior surface, the assembly comprising a fluid outlet directing a heated fluid stream across the exterior surface of the window wherein the fluid outlet comprises a nozzle 32 as recited in claims 1-3 and the nozzle is movable as recited in claims 5 and 6.
